

ANTIGEN TESTING AT BRAČ AIRPORT

Starting with 15 April 2021, in cooperation with the doctor's office (in Pučišća) which is in the territorial jurisdiction of the airport's location, Airport Brač Ltd. organizes antigen testing at Brač airport.

Authorised doctor: Pero Eterović – general practice/family doctor

Healthcare professional identification code: 0192651

Regional office: RU Split

Healthcare facility identification code: 296429643

Address: Pučišća, Obala Trifuna Bokanića 7, HR-21412 Pučišća

The testing is designated for passengers in public transport as well as for those on private flights.

Tests are approved by the Croatian Institute of Public Health.

Negative antigen test certification is issued in Croatian, English and German language and is authorized by the doctor's signature and seal.

CHARGES:

Passengers in public transport

- testing prior to the flight will be available without a previous announcement. The price for the test and certificate is 250,00 HRK.

Passengers on private flights

- testing at the airport Brač can be requested the latest 6 hours prior to the flight. The price for a doctor's arrival at the airport is 750,00 HRK what includes the testing of 3 persons. Testing of every next person will be charged 200,00 HRK additionally.

In a case of the need for urgent testing with the request sent in less than 6 hours prior to flight, the price of doctor's arrival increases by 50%.
